Before Viking, home chefs had no options. With Viking, there is no other option. Over the past 30 years Viking has become synonymous with the epicurean lifestyle, developing professionally styled and featured products for every major appliance category. Viking is again revolutionizing ultrapremium appliances by incorporating proven technology and innovative features, once reserved for commercial kitchens, into Viking Professional appliances for your home.

These are the icons – the style and power that introduced professional performance to the home. We’ve made quite a few upgrades over the years, but these are still the ranges people see when they dream of a professional kitchen. Available in a variety of sizes, fuels, and burner configurations to accommodate any kitchen… it’s just a question of how big you dream.
7 Series Gas Ranges
36" and 48" widths

The Viking Professional 7 Series Gas Ranges feature 23,000 BTU Elevation™ Burners adapted from the Viking Commercial product line, combined with a fully-featured convection oven that includes a Gourmet-Glo™ Gas Infrared burner to create a restaurant-caliber range unlike any other on the residential market. VGR 36”W. models fit a full commercial-size sheet pan.

RAGES SHOWN WITH OPTION BACKGUARD ACCESSORY

7 Series Dual Fuel Self-Cleaning Ranges
36" and 48" widths

The Viking Professional 7 Series Dual Fuel Ranges combine the commercial power surface burners with high performance features of the Viking Professional electric self-clean oven for one truly superior range. Preheat optional – there is no need to preheat oven when baking certain foods in Convection Bake mode. Additional 7 Series Range features include a Gentle Close™ Door and the LED control panel lighting.

Raising the bar and the burner.

Exclusive! Viking Elevation™ Burners with brass flame ports boast 23,000 BTUs across the front of all 7 Series Range configurations for a boil up to 25% faster. Multiple 15,000 BTU burners and one 8,000 BTU burner across the rear efficiently deliver heat to any size cookware. Exclusive Vari-Simmer™ Setting on all burners provides gentle, even simmering at precisely low cooking temperatures. Each burner is elevated 2½” above the burner pan to prevent baked-on spills for easy cleaning.

7 Series griddling options

New! The ViChrome™ Griddle, inspired by the Viking Commercial plancha, is thermostatically controlled and heats evenly to provide consistent cooking across the entire surface. Patent-pending grease containment system strategically directs excess grease into a removable capture trough while the patent-pending StayCool™ Trough Handle resists heat from the griddle and is easily removed for cleaning.

New! Reversible non-stick cast-iron grill/griddle optional accessory is perfect for healthy cooking without oil. It is interchangeable with the ViChrome™ Griddle providing versatility for grilling, griddling, and defrosting.
Burner configurations

- VGR7361-6B
  - 36” wide, six burners
- VGR7361-4G
  - 36” wide, four burners

5 Series Electric Self-Cleaning Range

30" width
Viking offers the only Professional all-electric, commercial-type range for the home. This 5 Series Range fits into a standard 30" wide, 24" deep cutout and boasts one of the largest oven capacities available. Professional features include QuickCook™ Surface Elements for fast heatup, Vari-Speed Dual Flow Convection Cooking, Rapid Ready Preheat System, and an electric self-cleaning oven.

5 Series Gas Open Burner Range

30" and 36" widths
This is the range that sparked the culinary revolution. The Viking Professional open burner range utilizes a restaurant caliber burner along with the combination of a 30,000 BTU U-shaped Bake Burner and 1,500°F Gourmet-Glo™ Gas Infrared Broiler providing unrivaled power. And the convection system cooks gently with ProFlow™ convection heat.

5 Series Gas Ranges

30”, 36”, 48”, and 60” widths
The Professional 5 Series Gas Ranges fine-tune professional performance from the ground up. The VSH (VariSimmer™-to-High) Pro Sealed Burner System delivers precision control up to 18,500 BTUs. Inside the oven, the combination of a 30,000 BTU U-shaped Bake Burner and 1,500°F Gourmet-Glo™ Gas Infrared Broiler provides unrivaled power, and the convection system cooks gently with ProFlow™ convection heat.

5 Series Gas Ranges

30”, 36”, 48”, and 60” widths
The Viking Professional 5 Series Gas Ranges fine-tune professional performance from the ground up. The VSH (VariSimmer™-to-High) Pro Sealed Burner System delivers precision control up to 18,500 BTUs. Inside the oven, the combination of a 30,000 BTU U-shaped Bake Burner and 1,500°F Gourmet-Glo™ Gas Infrared Broiler provides unrivaled power, and the convection system cooks gently with ProFlow™ convection heat.

5 Series Dual Fuel Self-Cleaning Ranges

30”, 36”, 48”, and 60” widths
The Viking Professional 5 Series Dual Fuel Ranges combine the power of the VSH (VariSimmer-to-High) Pro Sealed Burner System with the convenience of an electric self-cleaning oven. Select models offer an 18,500 BTU front burner for the ultimate surface cooking power. In addition to the largest oven capacity on the market and up to ten cooking modes, the oven offers patented Vari-Speed Dual Flow™ Convection Cooking (which rotates the convection fan in both directions), and Rapid Ready™ Preheat System.

5 Series Induction Self-Cleaning Range

30” width
MagneQuick™ Induction Elements generate a magnetic field to transform your cookware into its own powerful heat source. The heat transfer is nearly instantaneous, incredibly precise, and over 90% efficient. Underneath, you get the largest electric convection oven on the market, and it’s filled with ultra-premium features like the Vari-Speed Dual Flow Convection Cooking and Rapid Ready Preheat System.

Built-in surface cooking products provide professional performance exactly where you need it. Cooktops and rangetops fit perfectly into islands and countertops, strategically delivering all the BTUs you could ever need. With easy installation options and countless placement possibilities – Viking Professional surface cooking units give you the freedom to not only cook whatever you like, but however you like.
5 Series Gas Rangetops

30", 36", and 48" widths

Equipped with a 15,000 BTU Pro Sealed Burner System – and an 18,500 BTU TruPowerPlus™ Burner on select models – Professional 5 Series gas rangetops deliver the ultimate in performance. The VariSimmer™ Setting and SureSpark™ Ignition System ensure perfect temperature control even on the lowest settings.

7 Series Gas Rangetops

36" and 48" widths

The Viking Professional 7 Series Gas Rangetops adapt Elevation™ Burners from the Viking Commercial product line. The burners boast up to 23,000 BTU to deliver power and performance expected in a commercial kitchen into your home. And the optional ViChrome™ Griddle provides consistent, even heat for all your cooking needs.
Gas Cooktops
30” and 36” widths

Designed to fit most existing cutouts, Viking Professional Gas Cooktops offer a hassle-free kitchen upgrade with superior cooking power. These surface units strategically deliver up to 66,000 BTUs of total power, giving you the freedom to not only cook whatever you like, but however you like.

Electric Cooktops
30” and 36” widths

Viking Professional Electric Cooktops provide commercial power and professional performance exactly where you need it. With QuickCook™ surface elements that reach full power in three seconds, a triple element to accommodate a variety of cookware sizes, and a bridge element to create one continuous cooking surface – this electric cooktop delivers the ultimate in performance.

All Induction Cooktops
30” and 36” widths

With induction cooking, a magnetic field instantly transforms your cookware into the heat source – and an extremely efficient one, at that. Commercial-grade technology ensures professional power, reliability, and precision control. Viking Professional Induction Cooktops are also compatible with most high-end stainless steel, enamel, and cast-iron cookware.

BUILT-IN OVENS

Transform your kitchen into a chef’s playground. Electric ovens, warming drawers, steam ovens, and microwaves – these built-in products offer ultra-premium features and liberating convenience. Single and double built-in ovens deliver perfectly even heat distribution inside the largest oven capacity available. Warming drawers ensure every bite of your nine-course dinner makes it to the table fresh and hot. You can even quickly bake a cake in the microwave.

After one dinner party, you’ll wonder how you ever cooked without them.

**Built-In Ovens**

* 30” models may also be installed flush to the cabinet with a Flush Mount Installation Kit accessory.

---

**TurboChef® Speedcook Double Oven**

30” width

The Viking Professional TurboChef® Speedcook Oven combines proven commercial technology with renowned Viking design to create a superior oven specifically for today’s home chef. From innovative controls to amazing cooking performance, this oven is the most innovative Viking oven ever.

---

**French-Door Electric Ovens**

30” width

The Viking Professional French-Door Oven introduces total convenience with the same superior power and performance as other Viking Professional ovens. Side swing doors turn this traditional oven into a modern amenity, putting accessibility to your dish within arm’s reach. No preheat option and Easy Clean 20 minute steam function make this the perfect oven for the home chef. Single and double ovens available.

---

**Select and Premiere Electric Ovens**

27” and 30” widths

Viking Professional Electric Ovens deliver full throttle commercial cooking power and the most spacious oven cavity in the industry. Features on Select models include a concealed bake element and TruConvect™ Convection Cooking. Premiere models offer convection in both ovens. TruGlide™ Full-Extension Oven Racks are standard on both models. Single and double ovens available.

---

**Open and clean with ease.**

Open either french-door with just one hand and the companion door conveniently opens simultaneously, while our Exclusive! CoolLit™ LED Lights in signature Viking Blue illuminate heavy-duty metal knobs for easy operation. Keep the oven looking great with a 20 minute easy clean. No need to preheat oven when baking certain foods in Convection Bake mode.
Microwave*
27” and 30” trim kit widths
Yes, even a microwave can offer professional performance. Complement any kitchen with this extra-large 2.0 cubic foot microwave. With 13 sensor settings, preset recipes, and warm/hold feature, this microwave has it all, and then some.

Convection Microwave*
27” and 30” trim kit widths
In addition to a true stainless steel finish, extra-large capacity, and an array of powerful settings, the microwave offers exceptional features like warm/hold, real convection cooking to brown and crisp evenly, and preheating.

Convection Microwave Hood
30” width
The Convection Microwave Hood delivers all the performance and features of the convection microwave with the addition of an integrated exhaust system. Install it above your range or cooktop for a convenient ventilation solution.

DrawerMicro™ Oven
24” width
The Undercounter DrawerMicro oven tucks away undercounter, in an island, or beneath your wall oven. Automatic drawer-style access maximizes capacity and convenience. And 12 sensor cooking options make cooking anything a breeze.

Combi Steam/Convect™ Oven
30” trim kit width
This little dynamo combines two cooking methods in one handy package: steam and convection baking. Steam cooking is the healthiest and easiest way to cook fresh vegetables, and when combined with convection, it works wonders for breads and pastries – light and fluffy with crisp crusts. Steam also keeps meats and fish moist, cooking them to tender perfection.

Electric Warming Drawers
27” and 30” widths
This new and improved Warming Drawer has great features including capacitive touch controls with a digital readout, versatile moisture control, built in meat probe and temperature settings from 90 to 250°F making sure you can keep a plate warm, proof bread, or serve piping-hot soup. Warming drawer can be installed flush to cabinet or standard mount.

*30” wide models may also be installed flush to the cabinet with a Flush Mount Installation Kit accessory.

With a virtually seamless design, Viking Professional ventilation hoods are engineered to look beautiful, work silently, and provide the most powerful odor, steam, and smoke extraction on the market. A number of installation options are available, offering different widths, motor type, and styles for every type of use. If these hood styles didn’t look so incredible, you’d never even notice they were there.
Viking Professional Rear Downdrafts

30", 36", and 48" widths

Viking Professional Rear Downdrafts work quietly behind cooktops and rangetops to eliminate smoke and odors, then conveniently hide away when the job is done. Industry leading 18”H. chimney rise is ideal for large pots and pans.

You’re in control.

New! Dimmable LED lighting and the ability to easily adjust the fan speed while cooking make Viking Professional hoods an essential element to any commercial-style kitchen.

Wall Hoods

30", 36", 42", 48", and 60" widths

Viking Professional ventilation systems are an essential element of the commercial-style kitchen. Range hoods of all sizes clear the air while brightening your cooking area with adjustable LED lighting. And recirculating hood kits allow for an easy professional upgrade to your existing recirculating system.

Wall Ventilator Systems

36", 42", 48", and 60" widths

Everybody has their own vision of the perfect kitchen. And Viking Professional ventilation systems are at your disposal. These models offer the look and performance of Viking professional ventilation in a blank canvas. Overlay whatever your heart desires.

Chimney Wall and Island Hoods

Wall Hoods - 30”, 36”, 42”, 48”, and 60” widths
Island Hoods - 36”, 42”, 54”, and 66” widths

Viking Professional Chimney Wall and Island Hoods add an updated style to the traditional box wall hood. With the same adjustable LED lighting, fan speed, and easy to clean interior as the traditional wall hoods, these chimney wall and island hoods offer the perfect solution for any kitchen scenario.

Think of the Viking Professional refrigeration line as your kitchen armory. With refrigerators, freezers, wine cellars, beverage centers, and ice machines you’ll have enough cold storage to keep all your fresh ingredients on hand and fresher up to three times longer than other refrigeration systems. You’ll manage your food supply more efficiently and economically while making fewer trips to the market.
Viking Professional

7 Series Built-In Bottom-Freezer

36" width

Viking Professional 7 Series fully integrated built-in bottom-freezer features exclusive patented BlueZone® Fresh Preservation Technology and other industry exclusive features including internal filtered water dispenser, capacitive touch controls, and a dual compressor system. Custom panel model available.

One Touch Water Dispensing

New! Feather Touch™ Internal Water Dispenser dispenses filtered water with a single touch

Good for your food. Even better for your health.

Exclusive! Viking BlueZone® Fresh Preservation Technology strips microbes, ethylene, hydrocarbons, odors and other contaminants inside the refrigerator to provide the ultimate in food preservation.
5 Series Built-In
Bottom-Freezer
36" width
This bottom-freezer features a drawer-type freezer with easy-access storage baskets, so you don’t have to stoop for ice cream. The refrigerator readily stores all your fresh foods at eye level, and both compartments are brightly lit with LED lighting. Custom panel model available.

5 Series Built-In
Side-by-Side Refrigerator/Freezers
42” and 48” widths
The side-by-side models complement the commercial-style kitchen in both form and function. Exceptional features such as LED lighting and SpillProof Plus™ Shelving along with large capacity provide superior cold storage. Custom panel models available.

5 Series Built-In
All Refrigerators and All Freezers
30” and 36” widths
All refrigerator and all professional, these models deliver the ultimate in refrigeration. A variety of easy access drawers with moisture control allows for custom storage. And the increased drawer capacity even leaves room for an entire deli tray. A dedicated unit, the all freezer models offer even more freezer space with a multitude of shelves, drawers, and bins to keep everything organized. Extra-capacity ice storage and adaptive defrost also count among its professional features. Custom panel models available.

May be installed flush to the cabinet with a Flush Mount Installation Kit accessory.

Contain Spills
New! SpillProof Plus™ Shelves with advanced Nano technology create an invisible barrier to contain spills for easy cleanup.

Filter-Free Freshness
Exclusive Plasmacluster* Ion Air Purifier uses advanced ion technology to eliminate airborne bacteria, mold, and odors to enhance food preservation. It functions at 100% capacity and never degrades and never needs replacing.

*Plasmacluster™ is a trademark of Sharp Corporation
Undercounter Wine Cellars
15” and 24” widths
Prevent premature aging and sedimentation of your wines with the Viking Professional Undercounter Wine Cellar. It creates the perfect environment for up to 40 bottles of your favorite vintage.

All Refrigerator
24” width
Keep your favorite refreshments close at hand. From chilled snacks to cold beverages, you have enough storage space to appease an army – or slumber party. Stores up to 162 12-oz. cans along with smooth glide utility bin. Outdoor model available.

Full-Height Wine Cellar
30” width
The Viking Professional Built-In Full-Height Wine Cellar provides horizontal storage for up to 150 bottles of your favorite vintages. Its exclusive TriTemp™ Storage System features three separate temperature zones to preserve different types of wine at their optimum temperatures. Full-width shelves pull out for easy access to standard, magnum, and half-size bottles.
Beverage Centers

15” and 24” widths

The perfect bar accessory, the Viking Professional Refrigerated Beverage Center features special beverage shelves and a wine rack. Electronic controls with digital display ensure accurate temperature settings.

Refrigerated Drawers

24” width

Equipped with a range of professional features including automatic cycle defrost, full-extension drawer glides, and LED lighting, Viking Professional Refrigerated Drawers deliver 5.0 cubic feet of convenient cold storage to any standard 24” wide undercounter space. Outdoor model available.

Ice Machines

15” width

These ice machines provide enough ice to keep any party going and are available in both clear and nugget ice. A special draining process melts away old ice, ensuring every scoop is fresh. This no-front model can be customized with a wood panel or optional Viking Professional door panel accessory. Outdoor models available.
Dishwashers

24" width

From lasagna-encrusted casserole pans to delicate china, Viking Professional Dishwashers can handle every dish. With hardworking features such as variable pressure wash, turbo fan dry system, and a multi-stage filtration system these dishwashers clean your dishes with utmost care. Available with installed stainless steel panel or as no-front model that can be customized with a wood panel or optional Viking Professional door panel accessory.

Viking Professional

KITCHEN CLEANUP

The Viking Professional heavy-duty dishwasher silently scours pots, pans, and place settings until they gleam. Their brute power is delivered with panache – making quick and civilized work of the most riotous dinner party. It’s a dirty job, but it doesn’t have to look that way.
The Viking Professional outdoor products offer everything you’d expect to find in a kitchen – except the walls. Of course, our heavy-duty gas grills are the pinnacle of barbecue, but you might be surprised to find products like warming drawers, undercounter refrigerators, and even vent hoods in the backyard. Mother Nature likes to entertain too.
Viking Professional

5 Series Premium Built-In Gas Grill
30”, 36”, 42”, and 54” widths
These premium gas grills deliver professional performance for your Outdoor Viking Kitchen. Viking premium built-in gas grills boast professional features including 25,000 Cast Brass BTU burners and a ProSear Burner.

5 Series Premium Freestanding Gas Grill
30”, 36”, 42”, and 54” widths
These premium freestanding gas grills include the cart and allow you to cook like a professional chef outdoors. These Viking premium built-in gas grills boast professional features including powerful 25,000 Cast Brass BTU burners and a ProSear Burner.

5 Series Built-In Power Burner
20” width
The Viking Professional Power Burner features an extremely powerful 47,000 dual-ring cast brass burner perfect for preparing large stir-fry or cooking with oversized stockpots. The exclusive removable center grate allows for use of a commercial-sized wok to allow you to entertain with style and ease.

5 Series Built-In Side Burner
13” width
Turn your outdoor space into a multipurpose cooking area with the Viking Double Side Burner. Use it alone or as a supplement to your outdoor kitchen. Prepare side dishes, sauces and appetizers with ease with this outdoor companion product.

5 Series Built-In Warming Drawer/Convenience Center
30” and 42” widths
The outdoor 30” wide warming drawer has temperature settings from 90°-220°F. While the outdoor 42” wide convenience center contains a 30” wide warming drawer with LP tank storage cabinet and utility drawer all in one convenient unit.
A barbecue oasis, the Viking Professional Outdoor Undercounter Refrigerator boasts 5.1 cubic feet of storage and multi-use utility bin. Adjustable temperature settings, electronic controls, and LED lighting ensure all of your beverages are served at the perfect temperature.

These Viking Professional Outdoor Drawers are double-stacked to fit conveniently under any standard 24” undercounter space – providing an additional 5.0 cubic feet of handy cold storage with temperature settings from 34 to 42°F.

The Viking Professional Outdoor Ice Machines provide a steady supply of sparkling ice cubes – in either clear or nugget ice varieties. Bring on the piña coladas. This no-front model can be customized with a wood panel or optional Viking Professional door panel accessory.

These heavy-duty stainless steel cabinets perfectly complement Viking outdoor cooking products. They accommodate all Viking outdoor appliances while providing essential counter and storage space. Locally supplied countertops required.

An outdoor ventilation system? That’s right. Anyone who’s cooked over a campfire knows ventilation can be an issue, even outside. This resilient hood keeps the fresh air fresh in your patio, gazebo, or cabana.
EXCLUSIVE COLOR FINISHES

Color finishes include Stainless Steel (SS), Black (BK), White (WH), Apple Red (AR), Graphite Gray (GG), Cobalt Blue (CB), and Burgundy (BU).

Not available on all products. Outdoor products available in Stainless Steel only.

DESIGN INTEGRITY

Consistency in both performance and design should be a major consideration when building or remodeling a home. With the complete Viking Professional indoor or outdoor kitchen, every single product works together in form and function with the same level of excellence. It’s something Viking calls Design Integrity™.

Viking offers complete ultra-premium kitchens and truly consistent design, while delivering the quality and performance that makes Viking the true market leader. Across all product categories, the knobs, handles, bezels, curves, angles, and lines all follow the same design cues – even the grain of stainless is the same from product to product. This enables the designer to create a perfectly harmonious kitchen.

You wouldn’t install mismatched cabinets and drawers. Yet design differences are even more dramatic between multiple appliance manufacturers. Traditional or contemporary. Stainless steel or color finishes. No matter the look you’re going for, no one can match the Viking kitchen and Viking Design Integrity.
