

7 Series Range Burner Head Cleaning

Materials:

Bar Keepers Friend®

Green 3M® Pad

1. Mix Bar Keepers Friend® and water to make a paste. Coat area to be cleaned and leave for 30 minutes.

2. Scrub the burner head with the green 3M® pad. It's best to put the burner head on a hard surface with a towel under it, so it doesn't scratch the surface. Apply pressure when scrubbing.
3. Right side was cleaned using this method. NOTE: Not guaranteed to remove all stains. Stain strength varies depending on type of spill, temperature of burner head when spill occurred, length of time spill remained on burner, etc.
