## BUILT-IN ELECTRIC COOKTOP FEATURES

### Commercial-Type Cooking Power

- QuickCook™ Surface Infrared Elements with ribbon technology reach full power in three seconds and provide fast cooking with nearly all cookware
- Up to 10 cooking zones including a 12" 3,200 watt triple element provide space and power options for most cookware
- Bridge element connects front and rear elements to create a continuous heated surface for oversized cookware or optional griddle accessory
- Infrared energy transfer provides fast cooking, regardless of type of cookware used

### Easy Maintenance and Cleanup

- Updated beveled edge design provides sleek styling and easy cleaning
- Durable, wear-resistant glass ceramic surface and laser-etched graphics withstand the rigors of regular cleaning
- Removable knobs for quick, simple cleaning

### Safe-Easy Operation

- Child proof, push-to-turn metal knobs for safe use
- Element lights indicate hot surfaces and active elements

### Optional Accessory

- Portable non-stick cast aluminum griddle fits over bridge and elements for griddling or defrosting food

### The Industry's Best and Most Comprehensive Warranty

- **3-year** full – complete product
- **90-day** full – cosmetic parts such as glass, painted items and decorative items
- **Lifetime** limited – stainless steel exterior
- **5-year** limited – electric element components
