Celebrity Chef Joe Arvin Demonstrates Fastest Oven in the World at KBIS 2015

(Greenwood, MS (January 2015))—Viking Range, LLC, the leader in residential kitchen technology, will showcase more than 50 new products launched throughout 2014 at the Las Vegas Convention Center, January 20 – 22, in booth N3115. Celebrity Chef, Joe Arvin, will be on hand to demonstrate the new Viking Professional TurboChef Oven; the fastest oven in the world. In addition to the Viking TurboChef, Chef Joe will demo the new Viking Professional Induction Cooktop and award winning French Door Professional Oven. These are only a few of the advanced cooking innovations that Viking will feature at the show.

The revolutionary Viking Professional TurboChef 30" W. Double Oven allows consumers to prepare meals up to 15 times faster than conventional methods – leaving more time to spend with family and friends.

Thanks to Viking TurboChef's patented Airspeed Technology™ a 12 lb. turkey that once took four hours to cook now cooks in 42 minutes. A perfectly browned and juicy 7 oz. filet mignon drops from 13 minutes, 30 seconds, to 4 minutes for rare, and 5 minutes for medium rare. A freshly prepared 8 oz. chocolate soufflé can be baked to perfection in 2 minutes.

Joe has recently been seen on CBS's Big Brother 14 reality TV show, ABC's The Taste, and Food Network's Cut Throat Kitchen, where Chef Joe served up some of his loud and colorful style of cooking. As a corporate Chef, Joe travels the Midwest region and administers cooking classes, food trend seminars, menu and recipe development.

Cooking is Joe's true passion and it shows on stage and in his demonstration cooking. At home, Joe develops unique recipes, entertains close friends, creates fun food ideas for his kids and teaches them how to cook. Joe has combined his professional culinary background with a strong flair for public relations and highly developed communication skills. "I use people's eyes and palate as my canvas" says Joe.
