

ELEGANCE AND TRADITION MEET PERFORMANCE

QUIETEST HOOD AND VENTILATOR COMBINATION IN THE INDUSTRY*

Tough-box ventilator housing protects blower and quietly delivers powerful smoke and odor removal

Maintenance-free ventilators never need to be cleaned with the commercial-type hood filters doing the dirty work

MODERN CONTROLS

Backlit LED knobs extend and illuminate to control lighting level and fan speed, then fully retract when not in use

ULTRA-EFFICIENT HEAT SENSOR

Cook with peace of mind as the built-in heat sensor activates the ventilator to full power when cooking temperatures reach uncomfortable levels

HEAT LAMPS

Heat lamps conveniently keep food warm until ready to serve (not available on Island Hoods and bulb not included)

BRIGHT LED LIGHTING

Dimmable lighting controls provide custom illumination for enhanced surface cooking visibility

Long-life LED light bulbs are energy efficient and easily replaceable

COLOR FINISHES

Available Exclusive color finishes include Champagne, Antique White, Graphite Black, Dark Blue, and Bordeaux

Available in 36" and 48" widths

*Ventilators are sold separately and are available in several CFM options for use in all cooking applications
