LEFT: Orange makes its way from the dining room into the kitchen on the Urban Electric Co.'s Poppy hanging lanterns and Hollywood at Home's How to Marry a Millionaire barstools with cushions in Galbraith & Paul's Small Star. The room is painted in airy off-whites: Feather Down on walls, trim in White Dove, and Floral White on the ceiling, all by Benjamin Moore. Pietra Grigio stone tops the perimeter counters, but the island has glossy brown granite. Wainscot and floral backsplash tiles by Ann Sacks. Waterworks faucets. Refrigerator by Sub-Zero. Oven, range, and microwave by Viking.
