A DESIGNER'S GEARHART COTTAGE

#ImpressYourselfGetHip

impress yourself

Art doesn't have to be obtuse and uncomfortable
Art doesn't have to hang on walls and behind glass
Art can be sitting comfortably in the sand

Maybe art shouldn't be sitting in the sand for long
Maybe art should be comfortably placed in living rooms
Maybe art isn't the right word

This is the mantra of modern furniture
This is relaxing on the beach without the sand
This is falling asleep indoors just as easily as in the sun

For art collectors and homemakers alike,
This is modern furniture.

THIS IS HIP

SET THE SCENE

Picture yourself unwinding here with a stylish single on the rocks. Serve yourself from the Gramercy Bar, a slim metal frame with an Italian marble top. Fall into the Presley leather chair, shown in nutmeg and polished stainless steel. The Rosalind upholstered mirror sets the scene, with convex glass framed in a nailhead-trimmed square. A trio of Gianna pendant lights add shimmer. Set your drink down on the Lincoln Pull-Up table, made of solid Trembesi logs, lacquered to shine outside. Soft goods include the Serina Autumn and Moncler Pewter accent pillows, and Concord rug, made of hand-tufted alternating rows of wool and viscose. All from Mitchell Gold + Bob Williams, www.mgbwhome.com
