New Viking Professional 7 Series Bottom Mount Fully Integrated Refrigerator

(Greenwood, MS (January 2015) – Viking Range, LLC, the leader in kitchen technology, is pleased to announce the rollout of a new Viking Professional 36" Fully Integrated Bottom Mount Refrigerator with a stunning metallic interior. This new refrigerator is the first of many products to be introduced as the fully integrated 7 Series refrigeration line. This new 36" refrigerator is available in in Stainless Steel, custom panel as well as additional Viking exclusive color options.

New exclusive features include innovative shelving, improved lighting, and soft-close drawers. The interior is illuminated by bright, energy efficient, ramp on theater LED lighting. Refrigerator sections have the industry's most advanced, maintenance-free air purification system; the exclusive Plasmacluster™ Ion Air Purifier which uses advanced ion technology to eliminate airborne bacteria, mold, and odors to enhance food preservation with no filter required. The proprietary fully articulating hinge has three dimensional adjustability for a perfect fit in integrated installations.

The maintenance-free ProChill™ Temperature Management System provides two Variable Speed High Efficiency Overdrive™ Compressors which quickly chills food and saves energy. This compressor system is one of the quietest, most technologically advanced compressors available with electronic controls that maintain temperature to within one degree to keep food fresher longer. Engineered with two separate compressors and evaporators, the fresh food compartment is independent of the freezer compartment, keeping the foods inside each in the best environment for the highest level of food preservation.

The latest in spill control technology, the new Spillproof Plus™ Shelves with Nano technology create an invisible barrier to contain spills and make cleanup easy while maximizing usable space. The 3/8" thick tempered glass shelves provide industry leading durability.

"This fully integrated refrigerator provides cold storage options with dedicated adjustable ColdZone™ drawers and shelves to accommodate every item on your grocery list," said Brent Bailey, Vice President of Brand Management. "This refrigerator/freezer also can blend seamlessly into cabinetry with custom panel options that match your cabinetry and are available in one of seven exclusive finishes."

The new 36" Viking Professional fully integrated built-in refrigeration will be available at a local authorized Viking dealer in 2nd quarter, 2015.

Built with the same high quality, durability and attention to detail as all Viking appliances, this product is backed by the industry's best and most comprehensive warranty; the Viking 3-Year Signature Warranty. The Viking 3-Year Signature Warranty now includes a 90 Day No Quibble Guarantee.

Viking Range, LLC originated ultra-premium commercial-type appliances for the home, creating a whole new category of home appliances.
